

Soil Recovery after Cyclone Gabrielle

Gisborne Workshop

Bushmere Arms

1:30 pm Tuesday 20 June 2023

We welcome growers and other interested people to an afternoon meeting to discuss actions growers can take to help restore paddocks impacted by Cyclone Gabrielle.

What we expect to cover:

- What information is out there?
- Learning from the past
- Decision tree to guide management choices
- Early results from Hawke's Bay testing
- Early results from Tairāwhiti testing
- Paddock responses so far – what seems to be working?
- Where to from here?

Please register – it is free, but we'd like to be able to plan please!
